Nancy;

Excelsior is responding to the 'enclosure' request in your letter dated January 18, 2017 in regards to "other federal considerations". Specifically, attached to this email, are a Gunnison Copper Project description, two figures, a consolidated Cultural Resource Inventory and the Biological Evaluation. Please let me know if this is the extent of necessary documentation for EPA to fully discharge the evaluation of "other federal considerations". If there is anything that Excelsior can do to be of assistance, please contact me.

Thank you,

***Rebecca A. Sawyer***
